

LET'S FOIL THE DEER — \$300 GIVEAWAY

Enter for a chance to win a shopping spree valued up to \$150!

If you live amongst the deer, surely you share our frustration with finding plants they won't eat. We are planning to update our deer resistant plant list and would like your input since, as you know, their appetites change over time and vary by neighborhood.

Who better than our local customers to provide real world feedback.

1. Download an entry form at orchardnursery.com or pick one up at the nursery.
2. If you've got deer... share your experience:
 - a. Cross off plants they eat regularly in your garden.
 - b. Write in plants we missed that they leave alone in your garden despite being accessible. (Please use botanic names, if possible.)
3. If you don't have deer... enter anyway by completing just the contact info.
4. Mail us your entry or drop it off at the nursery by May 31, 2006

Thanks for your help.

BEST OF LUCK!

ENTRY FORM (Please print clearly) Must be received by **May 31, 2006**
